

GT'S APPRENTICE PROGRAM

Congratulations and welcome aboard our apprentice specific GT Industrial Sales Apprentice Program

At GT's, our mission is to ensure that you have the right tools and equipment for the job, at the right price. Our aim is to help you navigate the early stages of your career in terms of setting yourselves up with quality tools and equipment and offering program pricing every day of the week, not just when there is a sale on!

To take advantage of the program, simply present your Apprentice Discount Card to any of our friendly GT's staff members when you are in store and this will prompt them to process your purchase through the apprentice program account which will automatically unlock various discounts for you to take advantage of.

Nobody likes paying more tax than necessary! We will add your details onto the invoice to ensure that you can claim your newly purchased tools come tax time. This also enables us to keep track of your purchase history if you ever need a reprint of an invoice or proof of purchase for a warranty claim should something not go to plan.

So next time you are chasing tools or equipment, whether it's a tool kit or a tape measure, hammer, set of digital calipers, a new Leatherman for the glove box or anything in between, make sure you flash your GT's Apprentice Discount Card because at GT's, we are focused on making your hard-earned dollar go further!

Simply fill out the details at the bottom of this form and we will issue you with a discount card which will be valid for the duration of your apprenticeship!
